

Marzipan Babies

New Art Form? -Jean Galloway - March 25, 2006
Thanks Jean! Sweet and icky at the same time - Les-lye

THESE LITTLE GUYS (AND GIRLS!) ARE MADE OF MARZIPAN, A CONFECTION MADE OF ALMOND PASTE AND SUGAR. THIS WOMAN IS DEFINITELY TALENTED.....

Marzipan Babies

Thought you'd be as fascinated with these as I.
These are made with marzipan....really unbelievable!

While some of the faces may look "crafted" rather than "real", every detail is amazing, and the rest looks VERY real. Be blessed and enjoy the talent given one person by God.

It's really an urban legend, web-style - "the items pictured are not made of marzipan, nor are they edible. They're 2- to 5-inch sculptures created by artist Camille Allen (including some entries from her Shell Baby line of miniatures), and they're made from Prosculpt polymer clay and mohair. Definitely not the kind of thing most of us would find palatable."

UNBELIEVABLE!
